

North Carolina Pretreatment Consortium, Inc.

2009 Annual Pretreatment Conference

Welcome to the North Carolina Pretreatment Consortium 2009 Annual Pretreatment Conference at the Crowne Plaza, Asheville. The North Carolina Pretreatment Consortium (NC-PC) Conference Planning Committee is excited to bring you another educational and informative workshop.

The 2009 Conference Planning Committee worked hard this year putting together interesting topics to meet the information needs for the novice to the most advanced Pretreatment Professional. Look forward to NC-PC updates, pretreatment regulation updates, technical topics, and round table discussions. Exhibitors will be on hand in the vendor room to offer information on their products and services. For those game players, there will be a “Highland” themed game and a wonderful grand prize for the game winner. The Conference schedule allows for many networking breaks and a Monday night reception where attendees can meet and talk with State Officials, Exhibitors, and other Pretreatment Professionals. An Awards Luncheon will take place Monday where BBQ and Chicken will be served for all regular attendees and quests with meal tickets. The Awards Luncheon will be a time where we recognize outstanding NC-PC members.

The Conference Planning Committee hopes that you enjoy the 2009 NC-PC Annual Conference; please remember to complete a conference evaluation form so that we may use your ideas and concerns to create an even better conference next year.

Thank you for your attendance!
